

Trash and Dumpster Information

The City of Kermit is providing the following information for the trash service provided by the city. The residents inside the city limits pay a monthly fee of \$30 for a pick up of twice a week. You can look this up in article [12.02.051](#). The residents outside the city limits pay a monthly fee of \$54. You can look this up on article [12.02.052](#). You can look up the article stating we pick up twice a week on [12.02.018](#). You can look up any of these articles on our website www.kermittx.gov. We have 3-yard dumpsters and 1.5-yard dumpsters. The 3-yard dumpsters are for 4 house hold per dumpster, and the 1.5-yard dumpsters are for 2 house hold per dumpster. For an example, if there are 8 houses on a block and 8 houses on a block across the alley. There are 4 big dumpsters in the alley equaling 16 houses in total. I hope this information helps.

Sincerely,

Cesar Ramirez
